

## MANCHESTER (MAN/EGCC)

Elevation 257ft

Feedback: [training@bavirtual.co.uk](mailto:training@bavirtual.co.uk)

### CATEGORY A

No AV brief required.

### ARRIVAL

#### Diversion Airports

BIRMINGHAM	BHX/EGBB	58 nm/160°T	CAT A
LIVERPOOL	LPL/EGGP	21 nm/266°T	CAT A
EAST MIDLANDS	EMA/EGNX	47 nm/132°T	CAT A
LONDON HEATHROW	LHR/EGLL	131 nm/149°T	CAT A

Others that may be used include Newcastle, London Stansted, London Gatwick and Prestwick.

### Approach

- Approach terrain 05L: when crossing the Bollin Valley on approach to 05L the radio altimeter will fluctuate at approximately 380ft QNH (170ft servo height) and read approximately 280R.

### GROUND

### Parking

- Manchester has one pier served stand (12) and one remote stand (62) available for A380 parking. An A380 can also be parked on Twy Papa (Stand 80) though this is dependent on certain nearby stands also being vacant.
