

Riga (RIX/EVRA)

Elevation 37ft

CATEGORY A

No AV brief required.

GENERAL

- Riga is the capital of Latvia, the home of Latvians. Latvia has some of the world's tallest women, with the average lady coming in at an impressive 170cm. The men are no midgets either, holding fourth place globally.
- Latvia has a huge capital relative to its tiny population, with over one third of the population living in Riga. Therefore, expect there to be a queue at the bar.
- Twitch streamer Danucd calls home Riga, if you haven't watched her on Twitch, turn off Simfest now and head over.

Threats

CFIT

- If you are watching Danucd, you may not be paying attention to the terrain.

Runway Excursion

- Braking conditions in Riga can be poor due to inclement weather, consider this when briefing arrival and utilise higher braking methods. Execute minimum runway occupancy time where possible.

Loss of Control

- If you are watching Danucd, you may be distracted during the landing.

Special Considerations

- <https://www.twitch.tv/danucd>

ARRIVAL

Diversion Airports

KAUNAS	KUN/EYKA	117 nm/184°T	CAT B
VILNIUS	VNO/EYVI	144 nm/165°T	CAT A
TALLINN	TLL/EETN	151 nm/011°T	CAT A

GROUND

- U1 apron has multiple taxi lanes, note you may be cleared to push on to a specific lane in order to allow other traffic to taxi, pay particular close attention to clearances

DEPARTURE

- Single runway thus plan fuel accordingly, expect significant taxi times and you may be held on stand

WEATHER

- Fog can be common in Riga, both runways are CAT2 enabled.
- Icing on approach and on the ground is common
